PUBLIC ANNOUNCEMENT

CESWG-PE-RB 10 January 2003

SUBJECT: Permit No. 16761(05); Extension of Time

To Whom It May Concern: The U.S. Army Corps of Engineers, Galveston District, has amended a Department of the Army Regional General Permit (GP), as described below:

SPONSOR:

U.S. Army Corps of Engineers
P.O. Box 1229
Galveston, Texas 77553-1229

WATERWAY AND LOCATION: The GP is for State Tracts offshore from Chambers and Jefferson Counties, approximately 17 miles southwest of Sabine, Texas.

SCOPE OF WORK: The GP authorizes the general public to erect and maintain structures and appurtenances to be used in connection with the production of oil, gas and mineral production. This includes the activities for the installation of pipelines associated with the drilling structures, including trenching, disking, and jetting methods.

BACKGROUND: A public notice was issued on 28 October 2002 proposing an extension of time for GP 16761(04).

The purpose of this GP is to expedite the authorizations of such operations subject to the limitations and conditions described in the attached copy of the permit. Applicants seeking authorization under this GP must submit plans on 8½- by 11-inch paper to the Corps of Engineers showing the type and location of the proposed action.

If there are any questions relative to the Public Announcement, please contact Mr. John Machol at the above address or by telephone at 409-766-3944.
