## Gulf Intracoastal Waterway: Alt Rte via Lydia Ann Ch. - Aransas Bay LT. 49 to LT. 83

**Channel Features**  – Channel Center Line — Channel Toe

——— Channel Station Lines **←** Channel Dimensions

**Aids to Navigation** 

1. Horizontal coordinates are referenced to texas state plane coordinate system, south central zone nad83 us survey feet. 2. Elevations are referenced to mean lower low tide (MLLW) datum.

3. This project was designed by the galveston district of the u.s. army corps of engineers. The initials and signatures and registration designations of individuals appear on these project documents within the scope of their employment as required Fig. The information depicted on this survey map represents the results of surveys made on the dates indicated and can only be considered as indicating the general conditions existing at that time. These conditions are subject to rapid change due shoaling events. A prudent mariner should not rely exclusively on the information provided here. Required by 33 cfr 209.325 5.
