

STEM INSPIRATION

Brig. Gen. Thomas W. Kula

Commander & Division Engineer

U.S. Army Corps of Engineers Southwestern Division

Pursuing your dream begins here.

Who inspired you?

"I was inspired by my grade school math teacher who saw I had a talent and encouraged me to make the most of it. It was the power of the positive feedback I received at a young age that led me to pursue not only solving math problems, but later engineering problems and organization effectiveness challenges. One of the greatest things we can do as parents, teachers, mentors and adults is, if we see children with a talent for STEM, praise them and encourage them."

Education

Bachelor of Science with a concentration in Civil Engineering, U.S. Military Academy, West Point, N.Y. and master's degree in Military Arts and Science, School of Advanced Military Studies, Fort Leavenworth, Kan.

U.S. Army Corps of Engineers Galveston District
