Pursuing your dream begins here.

Who inspired you?

“My biggest inspiration would have to be my mother. Though she never had the chance to attend college, she instilled in me the importance of obtaining an education. A single mother, who supported and raised two children, she still found time to help me with math and science. Though she is no longer with us, she still inspires me every day.”

Education

Bachelor of Science in Electrical Engineering, Massachusetts Institute of Technology (1985); Master of Business Administration, Colorado State University (2000); and Juris Doctorate, University of Wisconsin Law School (2007).
