

# STEM INSPIRATION

**Franchelle Craft**  
Civil Engineer  
Houston

*Pursuing your dream begins here.*

## Who inspired you?

“During a high school trip to Prairie View A&M University, I remember one of the professors speaking about the lack of minority women in engineering and the struggles of working in the career field. From that experience, I was inspired to take on the challenge of becoming an engineer – a driving factor that motivates me to encourage younger minorities to choose engineering as a field of study.”

## Education

Bachelor of Science in Civil Engineering from Prairie View A&M University (2006)

Master’s degree in Engineering Management, Missouri University of Science and Technology (2012)

U.S. Army Corps of Engineers Galveston District
