

STEM INSPIRATION

Lt. Col. Marty Maldonado
Deputy District Engineer
U.S. Army Corps of Engineers Galveston District

Pursuing your dream begins here.

Who inspired you?

“The person that pushed me in the STEM direction was my chemistry teacher and soccer coach, Dr. Chuck Sodoroff. He had a keen ability to persuade all the players to enroll in his chemistry class (which was not an easy class)! Dr. Sodoroff truly enjoyed teaching, lots of tutoring and mentoring just as much as coaching sports. He certainly influenced me to follow the STEM path!”

Education

Bachelor of Science in Engineering Technology, University of Central Florida (1996); Master of Science in Geology and Geophysics, Missouri University of Science and Technology (2000); and graduate of the Army Command and General Staff College at the Western Hemisphere Institute for Security Cooperation (2008).
