<sup>1</sup> This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

**B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:** The review area evaluated in this determination consists of the existing Hidalgo County right-of-way on South Avenue from South Hutto Road to South 12<sup>th</sup> Street, and adjacent portions of S Hutto Rd and S 11<sup>th</sup> Street. Based on a review of data listed in Section III above, it has been determined that there are no aquatic resources or potential aquatic resources in the review area that would warrant the application of a wetland delineation, significant nexus analysis, navigability determination, or delineation of the ebb and flow of the tides. There are no features that exhibit lateral limits of jurisdiction (e.g. OHWM).
