¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:

We have determined that based on all aforementioned desktop resources, there are no Waters of the United States on the subject site and therefore there will not be any discharge of dredged and/or fill material into any waters of the U.S., nor any work nor structures placed in/or affecting any navigable waters and as such, any discharge of dredged and/or fill material is not regulated by Section 404 nor Section 10 and will not require a Department of the Army permit.
