

Imelda Diaz, P.E.
Director of Engineering
Harris County Flood Control District

Imelda Diaz, P.E. is the Director of Engineering for the Harris County Flood Control District in Houston, Texas, where she oversees the District's capital projects and maintenance engineering departments. Her twenty-three years at the District have included management of a variety of capital improvement engineering projects. However, most of her career involved working with the District's "Project Brays" team to complete the Brays Bayou Flood Damage Reduction Project, a \$480 million flood damage reduction project in partnership with the U.S. Army Corp of Engineers.

Ms. Diaz is a licensed professional engineer with a B.S. in Civil Engineering from the University of Houston.
