

**U.S. Army Corps of Engineers**  
**Galveston District**  
**Relative Tonnage**

DATA PROVIDED BY THE USACE WATERBORNE COMMERCE STATISTIC CENTER (WCSC):

WCSC is responsible for capturing information on vessels, tonnage, commodity, origin, and destination from vessel operating companies. This data and information is intended to assist USACE's navigation mission by providing statistics used to analyze the feasibility of new projects, and to set priorities for new investments and for the operation, rehabilitation, and maintenance of existing projects. Users of the data include government agencies, private industry, academia, and the general public. Data shown is from 2022, and is the total of foreign and domestic metric tonnage.
