

**US Army Corps  
of Engineers** ®  
Galveston District

# BIOGRAPHY

---

**Tonya Lippe**  
Chief, Programs Branch  
Planning, Project Management and Programs Division  
U.S. Army Corps of Engineers Galveston District

Tonya Lippe serves as the U.S. Army Corps of Engineers (USACE) Galveston District's Programs Branch Chief.

Lippe came to USACE in 1999 starting in the Operations Division for the Fort Worth District. She later moved to Fort Worth and served in the Program Management Branch. She has worked in SWD as the General Investigations Program Manager prior to coming to SWG where the work actually happens.

She relocated to the Galveston District in the Program Management section as a Supervisory Program Analyst where she currently still works.

She led the scheduling team thru many challenges and updates to existing processes in order to ensure the Galveston District schedule data quality is amongst the best in the Nation for USACE.

Most recently, she served as the Galveston Districts, Scheduling Chief, where she will oversee the district's Civil Works mission in programming, budgeting and execution. As the Chief of Programs Tonya developed and delivered innovative strategies to develop a skilled set of Primavera schedulers and ensure District is prepared to advance our scheduling skillset to compete well with other areas in the Nation.

Currently she is serving on a 120 day detail as the Deputy Chief, Programs Branch. Leading a talented team of Program Analysts, who ensure the money continues to flow in the district.

Background is in Accounting with a subset of Primavera education.

Her grandchildren are amazing, and bring her much joy.
