Sabine Neches Waterway: Cow Bayou Channel

Channel Features:
- Channel Center
- Channel Side
- Channel Bottom
- Waterway

Aids to Navigation:
- Red Side Aids
- MLLW

Surveys Conducted by the NOAA National Ocean Service/Coast Survey, Available from NOS Nautical Chart User Community

NOTES:
1. This project was designed by the Galveston District of the U.S. Army Corps of Engineers, South Central Zone NAD83 US survey feet.
2. Designations of individuals appear on these project documents within the scope of their employment as required by ER1110-1-8152.
3. Additional imagery: © DigitalGlobe Inc.
4. The information depicted on this survey map represents the results of surveys made on the dates indicated and can only be considered as indicating the general conditions existing at that time. These conditions are subject to rapid change. These conditions are subject to rapid change.
5. NOAA Bathymetry contours produced from historic bathymetric (Hydrographic) surveys conducted by the NOAA National Ocean Service/Coast Survey, available from NOS Nautical Chart User Community.
