Texas City Harbor Channel: Bolivar Roads to Turning Basin

Additional Combined Survey Dates and Stationing:

1. Horizontal coordinates are referenced to Texas State Plane Coordinate System, South Central Zone, NAD83, US Survey Feet.

2. The information depicted on this survey map represents the results of surveys made on the dates indicated and can only be considered as indicating the general conditions existing at that time. These conditions are subject to rapid change due to shoaling events. A prudent mariner should not rely exclusively on the information provided here. Required by 33 CFR 209.325.

3. This project was designed by the Galveston District of the U.S. Army Corps of Engineers. The initials and signatures and registration designations of individuals appear on these project documents within the scope of their employment as required.

4. The information shown on this survey map is intended as an aid to navigation only. It is provided for the convenience of the user but it is not intended to be a substitute for surveying for purposes of determining title or property boundaries.

5. For the most up to date information please check our website at: http://www.swg.usace.army.mil/Missions/Navigation/HydrographicSurveys/
The information depicted on this survey map represents the results of surveys made on the dates indicated and can only be considered as indicating the general conditions existing at that time. These conditions are subject to rapid change due to factors such as weather, tides, and other natural processes.

Elevations are referenced to mean lower low tide (MLLW) datum.
