**October 2020**

The US Fish and Wildlife Service (Service) will provide a draft Coordination Act Report in accordance with the Fish and Wildlife Coordination Act (FWCA) (16 U.S.C. 661-667e; the Act of March 10, 1934; Ch. 55; 48 Stat. 401). The FWCA requires consultation with the Service and state fish and wildlife agencies where the "waters of any stream or other body of water are proposed or authorized, permitted or licensed to be impounded, diverted or otherwise controlled or modified" by any agency under a Federal permit or license. Consultation is to be undertaken for the purpose of "preventing loss of and damage to wildlife resources."

Once this document is received, the CAR will be added to this appendix.
