

DEPARTMENT OF THE ARMY

U.S. ARMY CORPS OF ENGINEERS, GALVESTON DISTRICT 5151 FLYNN PARKWAY, SUITE 306 CORPUS CHRISTI, TEXAS 78411-4318

December 27, 2023

Corpus Christi Field Office

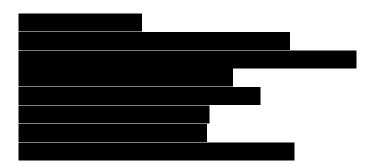

SUBJECT: SWG-2003-02229; Approved Jurisdictional Determination and Permit Determination

This is in reference to the approved jurisdictional determination (AJD) request and permit determination request received on July 26, 2023, submitted by to determine if the subject review area is subject to Corps of Engineers Jurisdiction and if a Department of the Army (DA) permit is required for the development of a walking trail. The review area is located in Cora Park, Premont, Jim Wells County, Texas.

Based on the review of the submitted information, site visit, resources available, and subsequent desk review, the Corps has determined that the proposed 34.8-acre review area, depicted on the attached map in 1 sheet, does not exhibit waters of the United States (US), subject to jurisdiction pursuant to Section 10 of the Rivers and Harbors Act of 1899 (Section 10) or Section 404 of the Clean Water Act (Section 404). Specifically, the Corps determined that the review area is comprised of a depressional area in which water sometimes pools. However, the duration and/or frequency of water presence in the depression is not sufficient for the formation of wetland conditions. Therefore, the review area is comprised wholly of dryland and is not subject to jurisdiction pursuant to either Sections 10 or 404. The Corps of Engineers regulates the placement of structures and/or work performed in/or affecting navigable waters of the US (i.e. bulkheads, piers, etc.) under Section 10. The Corps also regulates the discharge of dredged and/or fill material into waters of the U.S., including navigable waters, under Section 404. Therefore, the discharge of fill material for the development of the Cora Park walking trail does not require a DA permit.

The enclosed approved jurisdictional determination (AJD), dated December 27, 2023, is valid for 5 years from the date of this letter unless new information warrants a revision of the determination prior to the expiration date. If you object to this determination, you may request an administrative appeal under Corps regulations at 33 CFR Part 331.5. Also enclosed is a combined Notification of Administrative Appeal Options and Process (NAP) and Request for Appeal (RFA) form. If you request to appeal this determination you must submit a completed RFA to the Southwestern Division Office at the following address:

In order for an RFA to be accepted by the Corps, the Corps must determine that it is complete; that it meets the criteria for appeal under 33 CFR Part 331.5, and that it has been received by the Division Office within **60 days** of the date of the NAP, noting the letter date is considered day 1. It is not necessary to submit an RFA form to the Division office if you do not object to the determination in this letter.

If you have any questions regarding this determination, please contact me by telephone at or by e-mail at . To assist us in improving our service to you, please complete the survey found at https://regulatory.ops.usace.army.mil/customer-service-survey/.
