

DEPARTMENT OF THE ARMY
U. S. ARMY CORPS OF ENGINEERS, GALVESTON DISTRICT
P. O. BOX 1229
GALVESTON, TEXAS 77553-1229

MARCH 17, 2023

SUBJECT: Suspension of Department of the Army (DA) Regional and Programmatic General Permit SWG-2006-00517 for Torrent Oil and Gas Pipelines and Structures in Galveston Bay near Dredge Material Placement Areas 14 and 15, Houston Ship Channel.

Mr. Nigel E. Solida
President
Torrent Oil & Gas, LLC
1415 Louisiana St., Suite 3550
Houston, Texas 77002

Dear Mr. Solida:

Torrent Oil & Gas, LLC's ("Torrent") infrastructure in Galveston Bay near Dredge Material Placement Areas 14 and 15 is interfering with operations and construction by the Corps in violation of permit conditions contained in Regional and Programmatic General Permit SWG-2006-00517. The Corps and the Port of Houston Authority, the Non-Federal Sponsor for the Houston Ship Channel, have attempted to work with you to remove the structures within the timeframe necessitated by the Federal project. You agreed to remove these obstructions to the Federal project by May of 2019. Subsequent efforts to secure the orderly and timely removal of the obstructions have failed.

The immediate suspension of DA Permit SWG-2006-00517 for Torrent pipelines and structures in Galveston Bay near Dredge Material Placement Areas 14 and 15, Houston Ship Channel is in the public interest because you are not compliant with the terms of the original permit, specifically that you remove or relocate all facilities as necessary to accommodate Federal operations and construction as stated in Permit Condition No. 18.

You are directed to stop all activities in this area previously authorized by DA Permit SWG-2006-00517. You are advised that following this suspension a decision will be made to either reinstate, modify, or revoke the permit, and you may, within 10 days of receipt of notice of this suspension, request a meeting and/or a hearing to present information in this matter in accordance with 33 CFR 327.

Unpermitted operations and facilities in Section 10 waters violate 33 U.S.C. §§ 403, 406, 408, and 411.

Sincerely,

Digitally signed by

Attn: Mr. Scott Wood

Mr. Wood,

The U.S. Army Corps of Engineers, Galveston District (USACE) is moving forward with work directed by Congress as part of the Houston Ship Channel. Wells, flowlines and structures in Galveston Bay near Dredge Material Placement Areas 14 and 15, installed under DA Permits SWG-1991-00158, SWG-1991-00161, SWG 1991-00166, and SWG-1991-01046 issued pursuant to Section 10 of the River and Harbors Act of 1899 (33 U.S.C. § 403) and Section 404 of the Clean Water Act (33 U.S.C. § 1344) are located within the footprint of the project and are obstructing the Federal project. Immediate suspension of DA Permits SWG-1991-00158, SWG-1991-00161, SWG 1991-00166, and SWG-1991-01046 is in the public interest and you are hereby directed to stop all previously authorized activities pursuant to 33 CFR 325.7

You are advised that following this suspension a decision will be made to either reinstate, modify, or revoke the permits, and you may, within 10 days of receipt of notice of this suspension, request a meeting and/or a hearing to present information in this matter in accordance with 33 CFR 327. If you need additional information regarding this matter, please contact Kristi N. McMillan of the USACE Galveston District at (409)766-3083 or Kristi.N.McMillan@usace.army.mil.

Sincerely,
